

Inspection Gloves

Handle products with care—not fingerprints

These affordable inspection gloves are washable so you can use them over and over again. Available in men's or women's styles to ensure proper fit. Ambidextrous. Pack of 12 pair.

Cotton Inspection Gloves are soft and absorbent making them ideal for hands-on inspections. Two-piece construction makes these unhemmed gloves very comfortable. Wear them alone or as a liner for liquid-proof gloves.

Nylon Inspection Gloves are lightweight for extra sensitivity. Low-lint gloves are ideal for areas that are sensitive to lint particles often created by cotton gloves. Two-piece construction makes these unhemmed gloves comfortable enough for all day wear.

Ideal for quality control inspectors and light industrial assemblers

Leather Driver's Gloves

Shirred elastic wrist provides a comfortable and secure fit all day long

86371-12

86371-02

The smooth finish of the top-grain gloves provide lasting abrasion protection and puncture resistance. Gloves with the set-in "Keystone" thumb pattern enhances dexterity and provide longer wear. Split cowhide offers good abrasion resistance at a lower price. Color-coded cuff hems denote size. Pack of 12 pairs.

Ideal for operators of fork lifts, construction equipment, or industrial machinery

A-86371-04		XL	Blue		
A-86371-10	Top-grain cowhide with "Keystone" thumb	M	Green		
A-86371-12		L	Brown		
A-86371-14		XL	Blue		

Leather-Palm Work Gloves

Enjoy the soft feel of cotton gloves with rugged leather palms to resist cuts and abrasions.

Economical gloves made with shoulder-split cowhide are perfect for occasional maintenance, construction, or metal work.

Quality gloves are made with denser, shoulder-split cowhide.

Premium gloves are made with heavy side-split cowhide stitched with thread made of Kevlar®—adding strength and burn resistance for heavy-duty jobs.

Protect your wrists with safety cuffs, or choose gauntlet cuffs to extend protection to your forearms.
