New

06275-02

Polyfoil™ Square Wraps

Polyester-laminated foil squares provide a chemically inert barrier to cover vessels for autoclaving, incubating, and storage. Ideal for use with organic solvents and caustic solutions. Easy to apply and remove, and fold easily without kinking. Resistant to punctures, tears, and corrosion. **Autoclavable.**

Catalog number	Material	Dimensions	Qty/pk	Price/1 pk
KH-06275-02	Foil/polyester	4" x 4"	100	
KH-06275-04		5 1/8" x 5 1/8"		
KH-06275-06		8" x 8"
