Catalog number	Size	Price
CV-81853-68	2 ft W x 3 ft L	\$107.00

Adhesive Floor Mats

Adhesive-coated mats capture dirt and dust so it doesn't track into the cleanroom

- Adhesive-coated polyethylene surfaces remove dirt from shoes and cart wheels
- When top layer gets dirty, simply peel off to expose a fresh surface

Catalog number	Size (W x L)	Sheets/mat	Qty/box	Price/box
CV-09411-03	18" x 36"	30	8	\$169.00
CV-09411-13	24" x 36"			\$198.00
CV-09411-23	36" x 46"			\$338.00
CV-09411-33	25" x 45"	60	4	\$145.00
CV-09411-04	18" x 36"			\$129.00
CV-09411-14	24" x 36"			\$159.00
CV-09411-32	36" x 46"			\$300.00
CV-09411-34	25" x 45"			\$116.00

Adhesive Entrance Mats New

Mat frame system can be used at lab or office entrance to keep work areas clean

- Entrance mat system is designed to remove dust and dirt from shoes, carts, and dollies
- Mats are available in 30- or 60-layer versions
- Each layer of the mat is fully coated with a particle-grabbing adhesive and an antimicrobial agent
- Layers are constructed of 1.8-mil (50-micron) low-density polyethylene film
- A printed number in the corner of each sheet indicates how many layers remain.
- Frames feature a polyester web-lock pad to prevent slipping or sliding

Catalog number	Size (W x L)	Description	Mat color	Sheets/mat	Price
CV-64100-30	24" x 30"	Frame and mat	White	30	\$ 66.00
CV-64100-35			Blue		\$ 66.00
CV-64100-36		Mat refill	White	30	\$110.00
CV-64100-37			Blue		\$110.00
CV-64100-40		Frame and mat	White	60	\$ 85.00
CV-64100-45			Blue		\$ 85.00
CV-64100-46	Mat refill	White	60	\$130.00	
CV-64100-47		Blue		\$130.00	

Cleanroom Mats New

Maximum performance and quality ensured by consistent adhesive coverage on each layer of matting

- These mats are made in an ISO 9000 factory, which means consistent quality is maintained from box to box
- Multilayer floor mats are available in 30- or 60-layer versions
- Each layer of the mat is fully coated with a particle-grabbing adhesive and an antimicrobial agent
- Mats are constructed of heavy-duty 1.8-mil (50-micron), low-density polyethylene film
- A printed number in the corner of each sheet indicates how many layers remain
