A Disposable Polyethylene Aprons

Economical splash protection

Protect your clothing from liquid splashes with these comfortable, lightweight aprons. Ideal for food handling and light-duty jobs. Packaged in a convenient dispenser bag.

Catalog number	Thickness	Size	Qty/cs	Price per case	
				1 cs	10 cs
R-81620-21	1.5 mil	24"L x 42"W	100		
R-81620-23		28"L x 46"W	100		

B Polyethylene-Coated Polypropylene Apron

Low-cost alternative to Tyvek®

This durable, lightweight apron features breathable fabric and is a low-cost disposable alternative to Tyvek® aprons. This apron is ideal for general-purpose laboratory applications. The PE-coated PP material provides excellent splash protection from liquids.

Catalog number	Thickness	Size	Qty/cs	Price per case	
				1 cs	10 cs
R-86227-51	2 mil	28"L x 26" W	100		

C Ansell Vinyl Aprons

Sleeves also protect shoulders and arms

Aprons have a seamless design to eliminate contaminant traps. All styles have 40-mil PVC grommets permanently welded to the apron for greater strength and durability. Models 81620-50 and -52 feature open back/sleeves with one tie at the waist; models 81620-54, -56, and -58 have elastic sleeves and open back with ties at the top and waist. Coat aprons are 57" long. Model 81620-60 is a standard bib style.

Cat. no.	Description	Thickness	Size	Price/ea*
R-81620-50	Coat apron with open sleeves	6 mil	Large	
R-81620-52			X-large	
R-81620-54	Coat apron with elastic sleeves	8 mil	Medium	
R-81620-56			Large	
R-81620-58			X-large	
R-81620-60	Bib apron	6 mil	45"L x 35"W

D PVC/Nylon Aprons

Heavy-duty protection

Puncture-resistant aprons offer protection from acids and caustics. Aprons are 20-mil thick and feature overlapped sewn edges, reinforced heat-sealed vinyl grommets and bib, and cotton ties. Made in the USA.

Catalog number	Thickness	Size	Qty/cs	Price/cs
R-81501-01	20 mil	45"L x 35"W	12	
R-81501-11		50"L x 35"W		

E Ansell Endurosaf™ Aprons

Lightweight protection from chemicals, oils, and abrasion

These smooth, lightweight aprons are made of Enduro 2000™ material that is easy to clean, maintains shape, and stays wrinkle-free even after extended wear and fluctuating temperatures. Aprons are 8-mil thick and have 1" wide adjustable neckstrap and side-ties.

R-81620-05			Blue		

F Ansell Neoprene Aprons

Resistant to a wide range of acids and oils

Heavyweight, neoprene aprons are rugged enough to withstand frequent use. Extra-long ties and reinforced metal grommets prevent tearing. Wider bib style offers added chest protection. Appropriate for use in food processing, chemical processing, or industrial maintenance.
